

HOW TO ARRIVE AT THE CONVENTION CENTER

The Conference venue, Sul America Convention Center is strategically located next to metro stations allowing its visitors fast and easy access to the city's main roads and hotels

Subway (Metro) in Rio has only two different lines that serve only part of the city.

From the map, below, you can easily understand that to get to the Convention Center, you must take line 1 (General Osorio/Uruguai) and step out at **ESTACIO** Station. (Saturdays and Sundays, Metro only works with one line but the itinerary is the same.)
